Substance Abuse and Mental Health Services Administration

Minority Fellowship Program (MFP)

AGENCY: Center for Mental Health Services, Substance Abuse and Mental Health Services Administration (SAMHSA), HHS.

ACTION: Notice of planned award for a competing renewal clinical training grant for the Minority Fellowship Program (MFP) to the American Psychiatric Association.

SUMMARY: The Center for Mental Health Services (CMHS), within SAMHSA, plans to award a competing renewal MFP grant to the American Psychiatric Association for the clinical training of psychiatry trainees who are ethnic minorities for entry into service careers in mental and addictive health areas. The project period for the competing renewal grant is anticipated to be 3 years. The first year will be funded with approximately \$221,000. This is not a general request for applications. The competitive renewal clinical training grant will only be made to the American Psychiatric Association (APA) based on the receipt of satisfactory application that is recommended for approval by an Initial Review Group and the CMHS National Advisory Council.

AUTHORITY: The award will be made under the authority of section 303 of the Public Health Service (PHS) Act. The authority to administer this program has been delegated to the Director, CMHS. The Catalog of Federal Domestic Assistance number for this program is 93.244.

BACKGROUND: CMHS has the responsibility for mental health workforce development, including the clinical training of mental health professionals concerned with the treatment of underserved priority populations including: Seriously mentally ill adults; seriously emotionally disturbed children; and

elderly, ethnic minorities and rural populations with mental and addictive disorders. CMHS also has the responsibility for training ethnic minorities to become mental health professionals, which is a very significant task in light of the gap between the growing ethnic minority populations requiring mental and addictive health services (approaching 25% of the total population) and the much smaller number of ethnic minority mental health professionals (less than 10% of the total).

Over the past several decades, the Federal mental health clinical training program at CMHS (and previously at NIMH) has addressed this gap primarily by attempting to increase the numbers of ethnic minority professionals. Ethnic minority professionals understand the customs and language of their own particular ethnic group and, therefore, are more likely to render high-quality mental health services to mentally ill minorities.

The CMHS MFP is designed to facilitate the entry of minority students into mental health careers. The long-term goal is to increase the number of professionals trained at the doctoral level to teach and provide mental health services, especially to ethnic minority groups.

The MFP was started at NIMH in the 1970s. This program for clinical training provides grants to each of the four core mental health professional organizations: the American Nurses Association, the American Psychological Association, and the American Psychiatric Association, and the Council on Social Work Education. These four MFP grantees, in turn, conduct national competitions to make individual graduate fellowship awards to minority students throughout the country. Each of the four professional organizations has unique access to those students entering its profession. Each has recruited the best students, assured that all program requirements were satisfied, and monitored the progress of fellows during and after the fellowship period. In short, there has been no reason to change the program structure or the grantees administering the four-discipline program; thus, the mechanism of a peer-reviewed competing renewal clinical training grant has been appropriate.

Therefore, because the American Psychiatric Association's MFP grant support will end in FY 1995, the CMHS is providing additional support for up to three years via a competing renewal grant award. The American Nurses Association, the American Psychological Association and the

Council on Social Work Education have ongoing CMHS MFP grant support.

FOR FURTHER INFORMATION: Questions concerning the CMHS MFP may be directed to Paul Wohlford, Ph.D., Human Resources Planning and Development Branch, CMHS, Room 15C-18, 5600 Fishers Lane, Rockville, Maryland 20857, telephone (301) 443-3503.

Dated: March 2, 1995.

Richard Kopanda,

Acting Executive Officer SAMHSA.
